

Detailed Program IPI VII - Symposium

17 October Thursday, 2024

Time Slot	Main Hall	
8:30 - 8:50	<p style="text-align: center;">Opening Ceremony Dominic Hegarty, President of WIP Serdar Erdine, Chair of WIP Registered Turkish Section Gül Köknel Talu, President of Turkish Society of Algology İbrahim Aşık, Co Chair of Turkish Registered Section</p>	
08:50 - 10:30	Session I Moderators: Serdar Erdine, İbrahim Aşık	
	08:50 - 09:10	World Institute of Pain, The Global Society for Interventional Pain Treatment, more than 30 years. Gabor Racz
	09:10 - 09:30	Past, Present and Future of Pain Medicine Miles Day
	09:30 - 9:50	Recent Advances in Interventional Treatment of Facial pain Dominic Hegarty
	09:50 - 10:10	Current status of Vagus Nerve Stimulation: indications and limits Peter Staats
10:10 - 10:30	Scientific evidence in interventional pain medicine Marshall Devor	
10:30-11:00	Coffee Break	
11:00 - 13:00	Session II Moderators: Jan van Zundert, Christ de Clerck	
	11:00 - 11:20	Evidence of radiofrequency; where and how much? Jan van Zundert
	11:20 - 11:40	Social Benefit of Interventions in Chronic Pain Arun Bashkar
	11:40 - 12:00	New onset chronic pain: Who should I see first IPM Or Surgery? Peter Staats
	12:00 - 12:20	USG in Interventional Pain Medicine Christ DeClerck
	12:20 - 12:40	Artificial intelligence in Pain Medicine Serdar Erdine
12:40 - 13:00	Flouro vs USG Javier De Andres	
13:00 - 13:15	Lab Instruction Alp Yentür	
13:15 - 14:00	Lunch	
14:00 - 18:00	Parallel Session I : Cadaver Workshop	

18 October Friday, 2024

Time Slot	Main Hall	
8:30 - 10:30	Session III Moderators: Kriss Vissers, Pakize Kirdemir	
	08:30-08:50	Anatomic landmarks for interventional pain procedures Osman Coşkun
	08:50 - 09:10	Education and Training in Pain Medicine: Past, Present and Future Monique Steegers
	09:10 - 09:30	Interventional Techniques for Cancer Pain Kris Vissers
	09:30 - 9:50	Neurolytic blocks in pain management, Liong Liem
	09:50 - 10:10	Basivertebral radiofrequency ablation in vertebrogenic pain Sudhir Diwan
10:10 - 10:30	Pain Management in Palliative Care Meltem Uyar	
10:30-11:00	Coffee Break	
11:00 - 13:00	Session IV Moderators: İbrahim Aşık, Nilesh Patel	
	11:00 - 11:20	Optimal Imaging Guide for Spinal Interventions Milan Stojanovic
	11:20 - 11:40	New Concept: Osteogenic Pain Ricardo Plancarte
	11:40 - 12:00	Current concepts for DRG stimulation in chronic pain Kiran Patel
	12:00 - 12:20	DRG versus spinal cord stimulation. What is the current status? Adnan El Kaisy
	12:20 - 12:40	New stimulation techniques in SCS Nilesh Patel
12:40 - 13:00	Complications and Mishaps of Neuromodulation İbrahim Aşık	
13:00 - 13:15	Lab Instruction Alp Yentür	
13:15 - 14:00	Lunch	
14:00 - 18:00	Parallel Session II : Cadaver Workshop	

19 October Saturday, 2024

Time Slot	Main Hall	
8:30 - 10:30	Session V Moderators: Fatih Özkan, Alp Yentür	
	08:30-08:50	Radiation Safety Okan Suzer
	08:50 - 09:10	Percutaneous Cordotomy Mert Akbaş
	09:10 - 09:30	Neuroplasty Gözde Dağistan
	09:30 - 9:50	Horizons and Limits for the use of USG in Pain Management Derya Güner
	09:50 - 10:10	High Voltage Pulse RFTC Burak Erken
10:10 - 10:30	Chronic pelvic pain Gül Köknel Talu	
10:30-11:00	Coffee Break	
11:00 - 13:00	Session VI Moderators: Christopher Gilligan, Ersin Tan	
	11:00 - 11:20	Interventional procedures for knee and hip pain Christopher Gilligan
	11:20 - 11:40	Regenerative Medicine for chronic spinal pain; what is the evidence? Shahzad Anwar
	11:40 - 12:00	Adhesiolysis by Low dextrose Injection through Four in one (ALIF) Technique for Frozen Shoulder Treatment : New Ultrasound Guided Technique Alif Rahman
	12:00 - 12:20	Cranial Neuralgias Ersin Tan
	12:20 - 12:40	Neuromodulation: 3rd generation SCS Sean Li
12:40 - 13:00	Recent Advances in Fibromyalgia Ayşen Akıncı	
13:00 - 13:15	Lab Instruction Alp Yentür	
13:15 - 14:00	Lunch	
14:00 - 18:00	Parallel Session III : Cadaver Workshop	

20 October Sunday, 2024

Time Slot	Acıbadem University CASE
08:00-18:00	FIPP/CIPS Examination
